A SUSTAINABLE FRAMEWORK FOR IMPROVING
THE DIGITAL UPSKILLING OF ADULT CULTURAL
PROFESSIONALS

Embracing Digital Cultural Innovation

INTRODUCING THE PROJECT

The Erasmus+ Project "BoostDigiCulture" hopes to set the foundation for a sustainable and inclusive professional development framework of open educational resources and practices, designed to enhance the digital competences of cultural professionals with low digital skills, mainly those working in small and medium sized cultural institutions in the partner countries and beyond.

ONLINE KICK-OFF MEETING

The Consortium met online to launch the BoostDigiCulture project on February 23 and 24, 2022. The partners had the opportunity to address goals and milestones, as well as clarify tasks and responsibilities for the next steps.

AIMS - RESULTS

The BoostDigiCulture project, seeks to enhance the capacity of adult cultural professionals in implementing digital culture in their institutional agenda and promote awareness on the importance of digital readiness and training. Anticipated project results, include:

1. E-learning platform for digital cultural affinity spaces
2. Professional Digital competence Profile (PDP)
3. Microlearning upskilling programme
4. Self-assessment tool

MEET THE TEAM

COORDINATOR

The Stiftung Digitale Chancen (Digital Opportunities Foundation) researches the social impact of digitisation, to campaign for equal access to the internet for all people, and to advance digital literacy. Our objective is digital inclusion of all societal groups and counteracting the digital divide.

PARTNERS

Exeo Lab is a multivalent, flexible young company that envisions a sustainability-driven society. Exeo Lab is working to demonstrate that local development is the key to attract projects, skills, opportunities and networks for community growth.

SYNTHESIS Center for Research and Education is a pioneering organisation, that initiates and implements projects of social impact, with a focus on social inclusion. The aim is a green and sustainable future, for the people and the planet.

ICARUS HRVATSKA is a non-profit association dedicated to the research of historical sources, the promotion of the open access to archives through new IT technologies and the development of cross-institutional and international cooperation in the culture, science and GLAM professionals' activities.

Innovation Hive is a private non-profit organisation, specialised in the fields of research and innovation. The actions aim to enhance the economic and social cohesion of European societies, while seeking solutions to innovation challenges, achieve growth, sustainability and maximise the impact to the society.

The Rightchallenge Association is a non-governmental organisation which aims at the promotion of education as a means of social inclusion and equal opportunities, targeted at the integral development of all people.
